

The Trainers:

Kelly Madigan Erlandson, LADC. Author of the book “Getting Sober, The First 30 Days” and an Addiction Counselor for over 25 years, Kelly brings a wide range of experience and exemplary training skills to these workshops. She has presented to groups across the U.S. and developed programs to assist recovery.

Otto Schultz, B.A., M. Div., LADC, RPP. Co-author of “Understanding Alcoholism and Related Problems” and “The Mercury Method”,

Otto has over 31 years of Addiction and Spiritual Counseling experience. His creation of collaborative efforts for communities is nationally recognized.

Dusty Lord, Community Education Specialist for the Nebraska Recovery Network, with over 22 years in Long Term Recovery, Dusty has trained a variety of addiction information courses. She is the Nebraska representative on the Faces & Voices of Recovery, U.S. Recovery Delegates Advisory Committee.

Rand Wiese, Event Specialist for the Network, with over 30 years in training experience. An actor, writer and performer, Rand is a member of the State Advisory Committee on Substance Abuse Services and is recognized for his addiction recovery advocacy.

***The Science of
Addiction & Recovery**

An Overview

To be held in

**North Platte NE - April 9, 2010
and**

Lincoln NE - April 30, 2010

**FREE WORKSHOPS
& LUNCHEON!**

**For Addiction Treatment Professionals:
(6 **Free** CEUs (pending))
and
Recovery Advocates,
People in Recovery and
a Caring Community.**

A day of relevant information on addiction recovery for both the treatment professional and all those interested in efforts to achieve and sustain Long-Term Recovery.

This **free** workshop has been made available through a regional grant from **Mid-America ATTC** (*Addiction Technology Transfer Center*), located at the University of Missouri/ Kansas City. The training, developed by **Faces & Voices of Recovery**, is timely and exciting.

The Nebraska Recovery Network is partially funded by a grant from Nebraska DHHS, Division of Behavioral Health.
